Spring March 2016

Sustaining Members Meeting

The Regina Flying Club Sustaining Members Meeting will be held Tuesday, March 15, 2016 at 7:30PM in the RFC classroom. All sustaining members are invited to attend. Please note: Membership must be current to attend this meeting.

Fuel Tank is Operational

In early January we successfully commissioned the AvGas fuel tank. We are now able to fuel our aircraft as needed. Going forward we hope to fuel not only RFC and member's aircraft, but also transient aircraft. Project completion relied on the expertise and dedication of our members and staff. Well done!

Get Ready For Spring

With spring quickly approaching we will be flying without parkas, boots, and gloves. As the days get longer, and the chance of frost, fog, or cold air decreases the pleasure of flying increases. Make sure you are ready for spring flying. Is your licence current? When was your last medical? When is the last time you had a checkout with an instructor? Is your membership current? Don't let the little things get in the way of a great day to go flying.

Ramp Staff

If you're like us we think they do a great job of keeping the Flying Club flying. Thank-you.

Renovations

Wow, a little paint here, a few nails there, and you start realize we have a gem of a facility, a little old but still meeting our needs. Thanks to Ken Etter and team of volunteers for making sure our facility is safe, sound, and presents well to all who visit our facility. Ken and his team are always looking for folks who can help. If you are interested please give us a call or send us an email and we will help you get in touch with Ken and his team.

Upcoming Events – Wings Night

This is going to be a busy spring. Wings night will soon be here with Colonel Day from CFB Moose Jaw our guest speaker. The RFC Open House needs volunteers, and EAA B-17 may be visiting Regina in June. And that's just the beginning.

What have people accomplished!

First Solos Kristofer Clay Eric Flett Scott Gibney Brandon Heard Rod Keeping Ian MacIntosh Dylan Stark Mike Wang Mike Wilson	Private License Scott Greenough Suji Seo	Instrument Rating Jack Degelman Bob Dougall
	Commercial Rylan Grubb	Instructor Rating Geoff Barrie
	Night Rating Shane Flaman Laura Lawrence Beukes Willemse	

Fly safe everyone, have fun and be professional.

Remember! When flying cross-country take the things you need...engine tents, survival kits...you never know!!!
