## AIR SCOOP

### NOVEMBER 2013

#### RFC SATELLITE SCHOOL ENDING

The Regina Flying Club Satellite flight school in Assiniboia will be coming to an end in December. The last flying day will be December 12, 2013. Regina Flying Club instructors have been taking out a C-150 on Tuesdays and Thursdays on a regular basis. Last winter caused almost a 4 month postponement. The instructors who have been going to Assiniboia are J.T., Kurt, Lindsay, Josh, Dave and Tom. Thanks to Lee Mountain for organizing this. Hopefully, a few of our Assiniboia students will finish in Regina.

#### COMMERCIAL GROUND SCHOOL

The Regina Flying Club is offering a Commercial Ground School for those interested. This is for the pilot that wants to increase their knowledge and eventually flying skill. Instructor Jim Thompson has offered to teach this class. Plans are to begin in January. If you are interested contact the RFC office at 306-525-6194 or [reginafly@sasktel.net](mailto:reginafly@sasktel.net). More information will be available in January.

### WINTER FLYING TIPS

Included in this edition of the Airscoop are our annual WINTER FLYING TIPS. As the snow and cold have arrived, this will be excellent reading for anyone who intends to fly this winter or thinks that Winter and Summer flying are the same!

### MOVIE NIGHT POSTPONED

This week's plan for Regina Flying Club's Movie Night was postponed. It was felt that with all the Rider Nation activities going on, everyone needed to vegetate in evening for a few days after that great Rider week of activities.

**Congratulations Riders and Rider Nation!**

### PRESIDENT'S REPORT

To start with, I'd like to welcome our new students who have started ground school in Regina. Our instructors are among the best around, and whether you are commercial pilot bound, or looking at aviation as a hobby, they will teach you to be professional in the way you approach flying. Whether you get paid, or pay to fly, approaching each flight as a professional will make you a safer pilot.

Our weather this fall has been reasonably normal. This time of year we expect the odd day here or there where ceilings or visibility curtail our flying activities. On the days when the weather is good, make sure you take a flight and enjoy those nice days as they come. This time of year, a night rating is one of the most useful tools in the toolbox. Winter flying can provide such smooth air, and the visibility at night can be outstanding. It is a perfect chance to take a friend or three on a night flight for dinner somewhere.

The Regina Flying Club has both a FaceBook page and a group, so make sure to 'like' our page, and we'll use it to share what is going on around the club. We had our first 'movie night' last month, and hope to have more in the future, so keep an eye out both in AirScoop as well as our FaceBook page for information on these and other events at the Regina Flying Club.

The club would also like to freshen up some of the visual components of the [www.reginaflyingclub.ca](http://www.reginaflyingclub.ca) web site. If any members are able to volunteer some time to helping us out with some digital media, please let me know. As always, I can be reached at [president@reginaflyingclub.ca](mailto:president@reginaflyingclub.ca)

The first time I crossed in to the United States, I was glad to have someone along who had done it before, and am happy to help anyone else who might feel the same way. So far, four RFC pilots have taken me up on the offer and stretched their wings just a little

further...across the border to Minot. Just email me at [president@reginaflyingclub.ca](mailto:president@reginaflyingclub.ca) and we'll set up a time to make a day trip to the U.S.

As we approach the holiday season, I'd like to wish you all a happy Christmas season. On behalf of the Board of Directors of the RFC, thank you for supporting the Regina Flying Club in 2013 and we wish you all a safe, prosperous, and joy filled 2014.
