

## CBP Airports Within Reach of Regina

Are you planning a trip to the USA? One of the first things worth considering on such a voyage is what airports are you able to clear customs at. Here is a map and distance chart outlining all US airports with customs services within approximately a 500nm radius of CYQR. Please note that this list is subject to change, and as always, it is the responsibility of PIC to ensure the proper documentation is filed and confirmed with the appropriate CBP Office prior to flight. Some of these customs locations are associated with a user fee, some are not. Please refer the CBP website for current location information at [www.cbp.gov](http://www.cbp.gov)
